Forecast for Tuesday 01 Dec 2020

Weather: Dry and clear overnight with a fairly widespread frost developing. A cold start to a bright morning with some sunny spells, although cloud above summits increasing. Then a cloudier afternoon with a few spots of rain around. Most places then dry but cloudy through the evening.

Chance of cloud free mountain/hill tops above 600m: Close to 100% through much of the day but falling to around 40% through the afternoon as cloud becomes occasional or periods above 600m. Chances continue to fall through the evening as cloud increases.

Visibility: Very good or excellent becoming good at times in rain.
